

Two-thirds of the world's population live in Asia Pacific, where the majority of healthcare needs continue to be unmet.

The Asia Pacific Medical Technology Association is here to address that.

About APACMed

Founded in 2014, the Asia Pacific Medical Technology Association (APACMed) represents manufacturers and suppliers of medical equipment, devices and in vitro diagnostics, industry associations and other key stakeholders associated with the medical technology industry in Asia Pacific.

Headquartered in Singapore, APACMed is the first and only regional association to provide a unified voice for the medical technology industry in Asia Pacific. APACMed works proactively with bilateral, regional and local government bodies to shape policies, demonstrate the value of innovation and promote regulatory harmonization. We engage with medical device associations and companies in Asia Pacific to jointly advance regional issues, code of ethics and share best practices.

Our Mission

To improve the standards of care for patients through innovative collaborations among stakeholders to jointly shape the future of healthcare in Asia Pacific.
